Sofia the First: Tiara and Amulet

Instructions

Tiara

1. Print the tiara on regular paper or cardstock and cut it out.
2. Glue the tabs at each end of the tiara to the ends of the back strap to fit the tiara on your princess.

Amulet

1. Print the amulet on regular paper or cardstock and cut it out.
2. Gently fold the amulet in half and secure with glue so the design is two-sided. Keep the center area free of glue (as noted on the template).
3. Thread a chain through the loop.
